Dear Susan ( and Jill)

You will recall during the hearing yesterday afternoon - the issue came up with regard to the use of the local connection policy in affordable housing, where reference was made to the Swanton Morley Plan which included such a policy. I read out an extract from the Examiners report which had recommended that the policy be deleted as not being a policy for the use and development of land. It subsequently transpired that the extract to which I was referring to came from the first Examination and there was subsequently a second examination. As nobody at yesterdays hearing was personally acquainted, from the planning point of view, with that particular neighbourhood plan, I could not hear how the local connections policy came to be included a development plan policy. I asked if that issue could be researched and a note prepared setting out the sequence of events in terms of the evolution of that neighbourhood plan policy, the respective examiners' comments on it and the reasoning for its eventual inclusion in the made plan as set out in the Council's Decision Statement.

In order to be clear as to my expectations, you asked me to put the request in writing and I am happy to do so.

Can Breckland Council this explanatory note be prepared and be sent to me by 4th March please. I would request that a copy of that note and indeed this email be placed on the respective websites. I would also ask that the note be shared with the Parish Council at the same time as it was passed to me.

Kind regards

John Slater BA(Hons) DMS MRTPI
