Not this time - that was only in the context of the hearing.

John.

Just to clarify, as you requested previously, is there a page or word limit for this?

Thanks

Susan

Dear Susan and Jill

Further to yesterdays note -I have issued a revised version which has todays date and also which I hope clarifies the question I am asking Breckland as to how it's Housing Allocation Policy works in such a situation as we are finding. Please treat this updated note as the note which requires a response and should d be published on the respective websites.

John,

Before we add this to our website could you re-issue it with:

1. The correct date on the front cover
2. Question 8 – the first sentence is not very clear in its intent, as it seems to be incomplete or needs re-phrasing:
It could be argued that ~~if~~ the neighbourhood plan ~~had~~ chosen only to include STNP1, within the list of those sites delivering the 33 units, as a site which is large enough to yield any affordable housing, as the other sites chosen are under 10 units??. Could you revise this to make it clearer in the re-issue?

Thanks
Susan

Dear Susan and Jill

Following my site visit I have commenced preparing my report. There are a number of matters which I set out in the attached document that I am seeking your respective responses to. I hope they are clear and you will find the timescales achievable. Please let me know if there is likely to be a problem.

Can I ask that this document and both responses are included on your respective websites in the interests of the transparency of the examination.
